POSITION PURPOSE STATEMENT

The Senior Access Team Clinician will provide leadership, daily operational management support and supervision to Access Team staff. In addition, they will provide direct intake, assessment, care planning, referral, advice and consultation services to young people, their families/carers and community professionals/agencies, and will be involved in service development and community engagement/awareness raising activities.

About headspace

headspace is a world-first youth mental health initiative that supports young people who are going through a tough time; whether it's depression, anxiety, relationship break-ups or alcohol and other drug issues. The youth-friendly services at headspace are aimed at teenagers and young adults in recognition of the fact that 75 percent of mental disorders emerge before the age of 25 years.

POSITION KEY RESPONSIBILITY AREAS

<p>1. Service delivery</p> <ul style="list-style-type: none"> • Work under the direction of the Clinical Services Manager to support the provision of youth-friendly early intervention services at the headspace centre and to ensure that all members of the Access Team operate within headspace philosophy and strategic directions, as well as local policy and procedure framework. • Provide comprehensive intake, assessment and consultation services to young people, their families/carers, and professionals seeking services. • Manage intake, assessment and referrals processes for more complex and 'higher risk' young people and assist others in the team to do so. • Deliver evidence-based brief interventions, including group interventions, with young people and their families/carers. • Liaison with internal and external stakeholders and promote the headspace program, communicate regularly with, build and maintain collaborative working relationships with health and welfare agencies and the general community. <p>2. Leadership</p> <ul style="list-style-type: none"> • Take a leadership role in the Access Team, overseeing and refining intake/assessment and clinical services and assisting in monitoring professional practice, workload management and welfare of Access Team staff. • Promote coordination of intake and referral processes both within headspace and external services and assists other team members with this. • Assist in identification of professional development needs of Access Team staff and contribute to the maintenance of a positive team culture. • Provide direct staff supervision as required, including students. • Promote positive working relationships between the Access Team and other staff and contracted professionals within the headspace centre. • Assist in covering clinical service management tasks when required. <p>3. Administration</p> <ul style="list-style-type: none"> • Maintain accurate and timely case notes and records in approved database systems and assist other Access Team staff to do so. <p>4. Other</p> <ul style="list-style-type: none"> • Participate actively in Clinical Review Meetings and act as chairperson if required. • Promote and monitor activities in the Access Team supporting research projects conducted at the centre. • Participate in and develop community awareness activities, relationship building activities and appropriate community and agency meetings. • Apply knowledge and support of the headspace framework of early intervention, de-stigmatisation, diversity, inclusion, and non-discrimination. • The role may incorporate other headspace related activities and responsibilities as directed by the Clinical Services Manager.

EDUCATION / QUALIFICATIONS

Essential	<ul style="list-style-type: none"> • Approved tertiary qualifications in a relevant discipline. (Psychology, Social Work, Occupational Therapy, Mental Health Nursing). • Must have full registration with AHPRA or eligibility for registration with AASW.
-----------	---

EXPERIENCE / SKILLS

Experience / skills	<ul style="list-style-type: none"> • Previous experience in providing leadership and supervision. • Extensive experience in the planning and provision of mental health care, including completion of mental health assessments, crisis intervention, psychoeducation and short-term treatment interventions to young people experiencing mental health and/or substance use, and/or other social difficulties, including current evidence-based approaches. • Knowledge of the common mental health, substance use and social problems faced by young people and the indicated evidence-based treatment/support options for these. • Well-developed knowledge and understanding of relevant legislation, government policies and strategic directions in relation to mental health and alcohol and other substances, particularly as it relates to young people. • A breadth of understanding of the different types of organisations involved in mental health and drug and alcohol service delivery to young people. • An understanding of and commitment to ethics and confidentiality issues, particularly in relation to the health and allied-health professions. • Demonstrated capacity to problem solve effectively and work creatively with young people, particularly within an early intervention framework. • Developed skills in decision-making, problem-solving and risk management. • Excellent computer skills with a demonstrated ability in word processing, PowerPoint and databases as required. • Experience in the planning, provision and evaluation of group-based interventions for young people and their families/carers. • Experience in the planning and provision of community engagement and capacity building activities.
Personal attributes	<ul style="list-style-type: none"> • Passion, energy and determination to make a difference to health outcomes for young people. • Ability to be self-motivated and directed, demonstrating a sound ability to proactively oversee and make decisions in relation to the intake/assessment services and young people's suitability for ongoing treatment/support services at the centre. • Demonstrated ability to work effectively in a multi-disciplinary team in a health setting and to provide leadership and supervision to staff and students. • Commitment to supporting clinical research within the service.

KEY RELATIONSHIPS

Internal	<ul style="list-style-type: none"> • Access Team Clinicians • Senior Clinicians • Administration Team • Allied health contracted staff • Clinical Services Manager
